## European Athletics President's Welcome Message

**T**he 2015 European Athletics Team Championships Second League in Stara Zagora are here, and with the successful staging of the SPAR European Cross Country Championships in Samokov at the end of 2014 I am sure we can expect another well organised event in Bulgaria.

There is no doubt that the European Athletics Team Championships continue to be the premier team athletics event in the world. From when the event changed from the European Cup, it has proven to be an extremely exciting proposition for spectators, TV viewers, media and athletes alike.

We ensured this would be the case by showing our leadership in adapting our sport by revamping traditional track and field regulations, having men and women compete as one team, introducing promotion and relegation battles, and introducing a European “league table” that ranks teams from Nos. 1 to 50.

This means that the sheer unpredictability of a team performance, the generation of national pride as countries compete against their rivals and the “make or break” drama of the revamped regulations means everyone is on the edge of their seats and makes for compelling viewing.

On behalf of European Athletics, I would like to thank the Stara Zagora Local Organising Committee and the Bulgarian Athletics Federation for all their hard work so far in the organisation of the championships.

We are all looking forward to another outstanding athletics event in June 2015.

President, European Athletics

## Message from the Local Organising Committee

**D**ear friends of athletics,

The European Athletics Team Championships 2nd League will be held on 20-21 June 2015 in the city of Stara Zagora, Bulgaria. Eight top level teams - Croatia, Cyprus, Denmark, Hungary, Iceland, Serbia, Slovenia and Bulgaria are going to struggle for the first two places that will promote them to the First league in 2017.

The team events in athletics have a special place in the hearts of athletic lovers and the European Team Championships are the largest event in the world of its kind. Over 45 teams with more than 2000 athletes will take part in the four leagues.

For Bulgaria it is a unique competition, as we are going to witness 40 performances of the 50 athletes who are the best in their disciplines.

I'm glad that this competition is hosted by Stara Zagora - the city with the greatest and competent athletics audience. The recently renovated "Beroe" stadium, the new track and wonderful facilities are giving additional motivation to the athletes to strive to achieve their best results.

The world record of 12.21 in 100m Hurdles was set by the brilliant Yordanka Donkova back in 1998 on this very stadium, which makes it emblematic for the Bulgarian and World athletics.

I hope we are going to see over the two competition days European and World class results that will remain in the statistics for long years, like the record of Yordanka Donkova which is on the top of the all times best lists for 26 years already.

Good luck to all participants!

A stylized, handwritten signature in dark ink, consisting of several fluid, connected strokes.

**Dobromir Karamarinov**

**President of Bulgarian Athletic Federation**
